'Fill An Empty Table' raises over \$4,000

The holiday season is a special time of the year for many people. It's a time to celebrate with family and friends, a time to reflect back on the past year, and most importantly - a time for giving.

One of our core values is giving back to our community. Many families struggle to keep food on the table year round, especially during the holidays. This is why our annual 'Fill an Empty Table' fundraiser is so important to us. This year, we were able to raise \$4,284.15 to give to local food pantries. With this, we were able to provide assistance at: Heights Unlimited, Christians in Action, Arena Food Pantry, Barneveld Food Pantry, Community Food Pantry of Spring Green, and Richland Community Food Pantry. It is truly amazing how each community comes together to help those in need. We could not be more proud to be a part of each community. Thank you for your support!

How To Protect Your Privacy On Apps

It's important to know about privacy settings on apps. When you download apps, they often ask for permission to access personal information like contacts, your location, or even your camera. They may need this information to make the app work, but they also may share this information with other companies.

Before you install an app, here's what you can do to better protect your privacy:

- Use official app stores. To reduce the risk of installing potentially harmful apps, download apps only from official app stores, such as your device's manufacturer or operating system app store. Also, research the developer before installing an app.
- Know what information the app will be able to access. Before you download an app, read the app's privacy policy to see how your data will be used or if your data will be shared. Is the policy vague about how the app will share your data? If it is, or if you're not comfortable with how your information could be shared, you might want to find another app.
- Check out the permissions. To gain access to information like your location or contacts or to get access to features like your camera and microphone, apps need your permission. You may be asked to give permission when you first download the app, or at the time the app first tries

to access that information or feature. Pay close attention to the permissions the app requests. For example, does it really need to access your location or photos to do its job?

To find out more information about how to protect your privacy on apps, click this link to the Federal Trade Commission's education piece: <https://www.consumer.ftc.gov/articles/how-protect-your-privacy-apps>

Employee Spotlight

Taryn Wilson

Taryn is one of our stellar CSRs. Upon her first week at the bank, Taryn was sitting through training sessions on the new core system on top of learning our existing core system. Taryn quickly became a leader on the new system. She is always willing to take on multiple side jobs including helping out the loan department. Taryn comes to work with a positive attitude, is a pleasure to work with, and always has a smile on her face.

In her free time, Taryn loves to hike and chase around her 8 month old puppy, Finn. One thing she loves most about PCB is interacting with customers. "You get to meet so many people, families and furry friends! I genuinely find joy in talking to the 'regulars'." Taryn says. "I also love the people I work with. It's hard to think of PCB as work when you're surrounded by great company"

Home Equity Loans

The housing market has been anything but predictable over the past two years. However, we are starting to see a sliver of market stability creeping in making this a great time to take advantage of your home's equity with a Home Equity Line of Credit. HELOCs are a great way to take on that home improvement project, cover education expenses or pay for a dream wedding. Our Mortgage Lenders are here to answer any questions you may have.

ATM LOCATIONS

Use your ATM or Debit Card free of surcharge fees at more than 37,000 ATM locations nationwide.

PCB Crew Showcase

Coming Soon!

We are excited to roll out a new program coming soon to our commercial customers. This program will allow businesses to opt in to becoming part of our PCB Crew. Customers who are part of the PCB Crew will be eligible for "Crew Showcases" in many different platforms - PCB Newsletter, Social Media, Flyers in all PCB locations, PCB website, Radio ad features and more! The showcases are a great way to inform others in the community all a business has to offer and to keep your business

out in front of consumers. There will also be opportunities to participate in PCB Crew events. These events are exclusive to PCB Crew members and could be events such as a Brewer's game bus trip or a charcuterie board building class as examples. Overall, the program hopes to raise awareness, increase exposure and promote a spirit of excitement for our customers and local businesses.

A Message from the President

It is likely that 2022 will prove to be another unpredictable time for the economy. We likely will see some volatility in the stock market along with food and fuel prices due to the conflict in Ukraine and continued supply chain challenges. With inflation running 3 ½ times higher than the Federal Reserve would like it to, we will certainly be exposed to increasing short-term interest rates from the Federal Reserve beginning this year.

Something to consider: If you have not refinanced your home recently and locked into long term interest rates on it, now might be a good time to have us take a look at it for you. Reach out to any one of our amazing residential lenders for more details. Thanks again for your support of The Peoples Community Bank and let us know if we can be of any help to you in 2022!

Pi Day Fundraiser

Giving back to our communities is one of our core values, so we decided to have some fun with a little competitive fundraiser. Each location nominated one employee. The employee who raised the most funds would get to decide what local non-profit to donate the funds to. They would also win a pie to the face from the top donor! Stacy was able to raise the most funds and is excited to donate over \$1,400 to the Wisconsin Heights School District Endowment Fund. Gary Harrop had the honor of pie-ing Stacy after working together for over 30 years!

Shred Event
